EXPERIENCE

Backend Developer Intern

Sep 2024 – Dec 2024

Blaise Transit

Remote

- Achieved over **85%** high test coverage using Jest, ensuring robustness and reliability of backend systems
- Worked with MySQL as the primary database, writing queries, managing data, making migrations, and integrating it with backend services using Sequelize
- Managed **CI/CD pipelines**, **version control**, and **task tracking** using Azure DevOps while reviewing pull requests to ensure coding standards and optimize code quality

Software Developer Intern

Jan 2024 – Mar 2024

NextRipple

Remote

- Developed a full-stack **Task Management System** for admin task assignment and status tracking using **React.js**, **Node.js**, **Express.js**, and **MongoDB**
- Built and maintained **RESTful APIs** using **Node.js** and **Express.js** for efficient communication between the front-end and back-end
- Utilized **Mongoose** to connect, query, and manage data in **MongoDB**

WinHacks Internal Team

Sep 2023 – Feb 2024

University of Windsor

Windsor, ON

- Maintained and enhanced the website with **Bootstrap** serving over **180** users, ensuring robust performance and user satisfaction
- Coordinated with hackathon organizers to define project requirements, align on development strategies, and ensure timely delivery of features
- Contributed to website development through coding, UI/UX design, and content creation, improving overall functionality and user experience

Software Developer Team Lead

Oct 2021 – May 2022

Gadgetrix — gadgetrix.weebly.com

Windsor, ON

- Directed a team in creating and curating engaging content, including blogs, videos, and posts, to educate and inform about technology trends
- Held weekly meetings to set goals, discuss future objectives, and stay updated on the latest relevant information for the website

PROJECTS

ArabicScriptAI | *React, Flask, Tesseract OCR, Vercel*

Jul 2024 – Present

- Developed a scholarly web application using **React** and **Flask** designed to help users learn and enhance their Arabic writing skills
- Engaged over **5** active users, who have shown **improvement** in their Arabic writing proficiency
- Leveraged **Vercel** for deployment to provide ongoing monitoring and maintenance to ensure seamless operation

Invade Tower Defense | *Java, Swing*

May 2023 – June 2023

- Utilized object-orientated programming to construct my game
- Developed time management skills, effectively balancing tasks and properly prioritizing features
- Innovated the graphics and design, integrating creativity and visually appealing elements to enhance user experience
